

OUR NEWEST MERCHANTS -- The girls have opened a Boutique in the Teen Center at First Avenue and Ninth Street. Friday was the big Grand Opening Day and merchandise on consignment was received from a number of young ladies who hope for sales to other teens in the area. Shown with some of their articles are from the left Karen Dooman, Melinda Hammond, Becky Roseberry, Peggy Smith, Kathryn Prill, Vicki Hutchinson, Vikki Sturdevant, Martha Sebree, Carol Harris and Kris Harrah.

From Ducks To Sandals

Private Enterprise On Teen Level

A Teen Boutique stocking everything from sandals to nets has opened at the Teen Center located at Ninth Street and First Avenue.

Vicki DuVall, coordinator of the new venture announced this week that the new shop will take on consignment any and all articles young girls or boys might like to offer for sale. A twenty percent markup will be realized from sales and this money will be turned back to the Teen Cen-

ter for the development of programs.

The idea for a boutique was originally developed by Miss DuVall and Miss Vicki Sturdevant. Interest was quickly generated and now those involved include Vicki Hutchinson, Kris Harrah, Nancy Lawson, Karen Doman, Nancy Pene, Kathi Prill, Peggy Smith and Carol Harris.

The girls painted the Boutique room themselves; Miss DuVall

was successful in finding a show case to display articles and a call to friends brought jewelry, flowers, pottery, clothes, leather sandals and straw flowers.

Right now the girls are busy trying to interest the local boys in the boutique. Any and all articles created by Teens are welcome on the shelves and walls and Miss DuVall and Associates will make every effort to find buyers.

Upland In Action

From the office of City Manager, Elwin Alder are the following noteworthy items:

New dental offices will open this year with a building permit issued for a professional building on Ninth Street in the 200 block.

Another building permit issued this past week calls for a 3,000 square foot addition to a building in the Industrial Park on Ninth Street.

For the first time in Upland's history the City now has a machine to sign checks for Mayor George Gibson who used to spend many hours signing the thousands of checks each week.

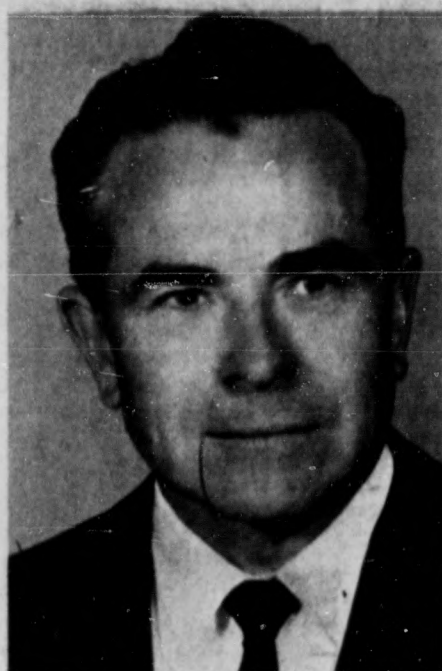

Mr. Alder reports that the number of business licenses issued have increased six per cent over last year with the greatest

increase in professional class.

The Fire Department had a very busy week... answering 13 alarms; seven for first aid and resuscitation. One large fire on 19th Street called out the Alta Loma Department and eight units from the California Forestry Service. Approximately 16 acres were burned off.

City crews are preparing planters on Foothill and Grove for landscaping. Flowers will be blooming soon.

A shopper lost control of his car in the downtown area this past week... the car rolled down Second Avenue and smashed into a street light... the light stopped the car but it was badly damaged... the man was insured.

JARVIS LEMAN -- recently was re-elected president of the Upland High School Board of Trustees for the coming year. Elected to serve with Leman were Floyd Allen, vice-president; John E. Skewis, clerk; Mrs. Dorothy Gibson, trustee and William S. Rugg, trustee.

Recall Vote Certain, Veirs

"Response to the Recall Reagan drive is so strong, I have no doubt a Recall election will be held," says Mrs. D.E. Veirs, 936 Buffington, Upland, 985-3938. Area Chairman for the Recall Reagan Committee.

"State employees should disregard rumors that they will be fired on any pretext if they sign the Recall Reagan petition," she says. "Such rumors interfere with civil liberties guaranteed by state and federal law."

She reminds notaries they must notarize without fee the Recall Reagan petition, to meet requirements of Article 23 of the California Constitution, which states: "The affidavit of any person soliciting signatures hereunder shall be verified free of charge by any officer authorized to administer an oath."

In this case, the notary acts as an agent of the Secretary of State, enabling carriers to obey the election laws of the State. The law sends the carrier to the notary, and the same law requires the notary to notarize the carrier's signature without fee.

Teen Center Seeks City Financial Aid

The teen center will be a place by which different agencies will come in and interview young people for jobs and also young people will be given the opportunity to hear from guest speakers on such topics as venereal disease, premarital sex, drug addiction, etc., that the youth of the community is interested in. (Nothing will be forced upon the young people in the way of subject matter or guest speakers -- the young people themselves will decide on what they want to know about and from whom they want to learn the information).

A program committee will work with the young people in the community on setting up certain nights for certain programs. The program committee will work with the Teen Center Director and will be advised by the recreation department.

A counseling committee will be set up by the youth council in which young people of the community can come and talk over and present their problem to the committee whether it be personal or otherwise. The counseling committee can call in Doctors, Priests, etc., to come in and sit on the committee at the request of the person who would like to have a problem discussed.

An unlimited number of things can be done through the teen center, but the most important function of the program is to help young people help themselves.

One nite for Junior High School age.

YOUTH COURT

A youth court will be set up to expel members for smoking or drinking inside the building. Somebody must take the initiative in the concern for other people and the youth court will take that initiative.

The youth court will decide on

Open Bid Aug. 8

Bids will be opened August 8 in Los Angeles by the State Division of Highways for widening Foothill Boulevard (Route 66) at Vineyard Avenue about 1.1 miles east of Upland to construct left turn storage lanes; and also installing traffic signal, highway lighting and flashing beacon systems.

Approximately \$58,000 is available for the project, including a \$22,650 contribution by the county.

the proper dress code for the teen center.

Teen center membership will be decided upon by the youth court. In other words, teen center membership which might include youngsters from other

areas will be decided upon by the teenagers of Upland working in conjunction with the youth court and youth council.

Youth membership on any committee or court will not extend over a period of six months.

George Schilens Takes Over Teen Center Post

George Schilens, recreation department director was named supervisor of YOURS, Upland's Teen Center, at a recent board of directors meeting at the Upland Inn.

At present, Mrs. Donna Price is director of the center for youth activities, and according to Schilens she will continue on in that capacity. Changes that will

they might be.

To present a better means of communication between the young people of the community and the City itself.

To give young people the opportunity to better themselves if they want to.

To give the young people in the area a chance to become responsible citizens of the community.

To present a place where young people can go to get help and advice.

To publicize the good that the young people of the community are doing.

To encourage young people in developing their strong and good points instead of downgrading them in their weak and bad points.

To present a place where any young person could come and contribute to the good of the community.

To give the young people a chance to make their own decisions and to create something of their own that they alone would be responsible for and be proud of.

To present a place where young people could go to meet their friends instead of street corners, parking lots, or alley-ways.

Programs to be developed are outlined as follows:

The teen center will be a contact for volunteers to offer their services to a store, company, hospital, recreational department, etc., to gain valuable work experience.

The program will be set up by which a club, school or otherwise, can come and chaperone a community youth dance or sponsor an activity of their own.

The teen center will sponsor a dance once a month during the summer and once every six weeks during the winter. (Live Band)

George Schilens

be effected concern the hours that the center is open for use; programs offered; aims and objectives of the club and the development of a youth court to govern and set a code of conduct.

New hours for the center during the summer months are listed as follows: Monday through Thursdays from 5 to 10 p.m., Friday and Saturday from 7:30 to 11 p.m.

The objectives of the club under the supervision of Schilens are listed as:

To give free expression and discussion to the youth of the area concerning their ideas, opinions, and problems whatever

Mt. Baldy Sets July 28 For Uplanders

Mt. Baldy Ski officials have announced the annual observance of Upland Day to be held Friday, July 28 at Mt. Baldy.

A big day of action has been programmed for the event and Upland mayor George Gibson will be present to lend official recognition to the day.

Highlight of the day will be ski jumping events on the unique baldy "plastic snow" hill. Miss Upland, Carolyn Adele Perkins will be present representing her city.

One of the features of Mt. Baldy is the year-round ski facilities with artificial snow in the winter and cottonseed and straw hills in the summer.

Upland Children Read Better

The more than 2,000 Upland school children in grades one through three recently tested for reading abilities scored "at" or "above" the national and state norms, according to Darrel Dawes, director of education.

The state mandated Stanford Reading Tests were given to the children just before the close of school in June, and results show that the average third grade Upland student scored 4.2 percent or four months above the publisher's norm of 3.8 on word study skills.

In all areas tested the children scored above the publisher's norms. Testing consisted of word and paragraph meaning; word study skills and vocabulary.

Dawes also reported to the Elementary Board of Trustees that Upland children scored above county and state norms on physical fitness examinations.

On Your Withholding
This Week

A coupon will appear in this week's edition of the Upland News, which will entitle the

bearer to ride the Baldy Ski Lifts free of charge during Upland Day.

AT THE TOP OF THE SKI LIFT -- Upland Mayor Pro-tem Ronald Rossiter, and Mayor George Gibson seem to have their hands full of Miss Upland, Carolyn Adele Perkins, who was in the running for the Miss Mt. Baldy Beauty Pageant. The two public officials were on hand Sunday to add moral support to the City's entrant at the top of the Mt. Baldy ski lifts.

IT ONLY SEEMED THAT WAY -- "95° temperature since 1892" announced 1st Federal's moving billboard on Foothill Blvd. last week. Westenders sweltered through Death Valley-like days waiting a break from hot, dry winds that scorched lawns, softened asphalt paving, and made small dogs dig large holes under trees. With the weekend, temperatures improved, and so did tempers.

Walters-Hardisty Nuptials At St. Margaret's Church

Marriage vows were taken by Dianne Elizabeth Walters, daughter of Mrs. Leora Walters of Claremont, and John Lawrence Hardisty, son of Mrs. Amelia Hardisty and the late John H. Hardisty of Chino, Saturday, June 29, at St. Margaret Catholic Church in Chino.

The Rev. Michael O'Day officiated at a celebrated high mass with the Reverends William Adams, William Caffrey, Thomas Joyce, David Theis and John Oubre participating.

The bride wore a floor length gown of white chantilly lace with a crescent waistline, oval neckline, long sleeves and chapel train. Her headpiece was of lace and pearls, with an elbow length veil of silk illusion. She carried a bouquet of butterfly orchids.

She was given away by her brother-in-law, Michael N. King of Whittier. Her sister, Mrs. King, was matron of honor and bridesmaids were Susan Turner of West Covina and Sharon Malyslak of Claremont. Each of the bride's attendants was attired in yellow linen fashioned with an Empire princess line and fully draped to a train in back, with a batteau neckline scooped in back. Each held a bouquet of white daisies.

Robert Rohrer of Chino was best man. Ushers were Frank and Thomas Hardisty of Chino, brothers of the bridegroom.

and Philip DeGood of Riverside.

Mrs. Don McMasters of Chino was soloist and Fernando Benitos of Chino was soloist.

A dinner for 125 was served at the Diamond Bar Country Club. Karen Ann Wittich was in charge of the guest book.

After a short trip to northern California, the bride and groom will travel to Kansas City for a second reception given by relatives of the groom. They will reside in Ontario.

The bride, a 1965 graduate of Claremont High School, is a senior majoring in Journalism at California State Polytechnic College, Pomona. She is employed by Bonita Publishing Company.

Mr. Hardisty is a graduate of the Divine Word Seminary in Riverside and the Divine Word Seminary in Duxbury, Mass. He is now a senior majoring in civil engineering at Cal Poly and is employed at Kaiser Steel, Fontana.

Julie Hollist Is Fall Bride-Elect

At a family dinner party, July 4, Mr. and Mrs. Lynn Hollist of 8420 Country Club Drive, Cucamonga, announced the engagement of their daughter, Miss Julie Ann Hollist, to Mr. Ronald L. Murphy, son of Mr. and

Mrs. Clifton Murphy of 701 N. San Antonio, Upland.

The bride-elect is a graduate of Alta Loma High, class of 1967 and is employed by the West End United Fund.

Mr. Murphy is a 1965 graduate of Upland High School and a 1967 graduate of Chaffey College. He presently attends Cal Poly, Pomona.

A fall wedding is planned.

WCTU Will Meet At Iva Marr's

Reports from Mrs. Frederick Burns and Fannie E. Hoffman, who are attending the Woman's Christian Temperance Union workshop from July 8-12 at Redlands University will be given when the Upland local meets, Friday, at 1 p.m., July 19, in the home of Mrs. Iva Marr, 170 10th Ave. Upland. Those attending the County executive in Fontana, July 15, will also report.

Mr. and Mrs. Loren C. Humphrey, 1394 N. Gth Ave., Upland, announce the birth of a daughter June 17 at San Antonio Community Hospital.

Church Of The Nazarene Is Scene Of Harrison-Evans Candlelight Vows

First Church of the Nazarene, Upland, was the scene of the June wedding of Shirley Rose Evans and Jeffery Harrison. The Rev. Bill Burch performed the candlelight ceremony in a setting of gladioli, white stock and China mums.

The bride was escorted by her father down an aisle which was garlanded with white satin rope and smilax.

Soloists Mrs. Dave Bangle and Mr. Glen Barfel rendered "Perfect Love," and "Love is a Many Splendored Thing."

The former Miss Evans is the daughter of Mr. and Mrs. James L. Evans, 358 East 11th St., Upland; the bridegroom is the son of Mr. and Mrs. Herbert Harrison of Phoenix, Arizona.

For her wedding, the bride wore an A-line gown of silk Italian organza over silk taffeta, falling into a cathedral train of French Basque lace; the yoke of French Basque lace was embroidered with seed pearls.

Her headpiece of matching lace was trimmed in tear-drop pearls and rhinestones; a shoulder-length illusion veil completed the design. She carried a white Bible with a cascade arrangement of white vanda orchids centered with a white cattleya orchid.

Miss Janet Thoma of Ontario was the honor attendant, attired in a gown of powder blue organza over silk taffeta. Bridesmaids, similarly dressed were Nancy Funk, Katherine Bolte, Nancy Sonner-

Mrs. Hazel Shetley Weds Charles Wilson

The church of Jesus Christ of Latter Day Saints, Upland, was the setting for the June 29th marriage of Mrs. Hazel Shetley to Mr. Charles Wilson. The Bishop Marvin Johnson officiated at the 7 p.m. ceremony attended by 200 guests.

The bride's daughter, Mrs. Norman Thruber of Provo, Utah, was matron of Honor. Mr. Charles Wilson Jr., Montclair, son of the bridegroom, was the best man. Mr. Richard Shetley, Upland son of the bride served as witness. Ushers, sons-in-law of the couple, were Mr. Norman Thruber of Provo, Utah, and Mr. Pete Steubner of Pomona.

Organ music was played by Mrs. Afton Ebers. Vocal music was furnished by a quartet.

Mrs. Lillie Stout, Mrs. Agnes Dasturp, Mrs. Susan Taylor, and Mrs. Dencie Caratinni. They sang "Melody of Love," and "Through the Years."

Mrs. Hazel Shetley is a graduate of LaVerne College and is employed by the Ontario-Montclair school district as an elementary teacher. She is well known for her work with children in the field of vocal music. Mr. Charles Wilson is a partner in the Wilson Brothers Engineering firm in Ontario.

Following the wedding 300 students and friends of the couple attended a reception at the church.

After the reception the couple left for a wedding trip. They are presently making their home at 9833 Alpine, Cucamonga.

berg, and Claudia Golliher, all of Pasadena. Carla Wilson of La Verne was the flower girl.

Mr. Harrison's best man was Jim Cole of Pasadena. His ushers were Larry Powell, Richard Schults and Terry Layton, all of Pasadena, and Ron Gilliland of Long Beach. David Peterson of Upland was the ring bearer.

The bride is a 1965 graduate of Upland High School; she attended Pasadena Nazarene College, and was employed by the telephone company in Pasadena.

Mr. Harrison received his education in Phoenix, and attended Pasadena Nazarene College. He is presently in the U.S. Air Force, and is stationed in Fayetteville, North Carolina, where the couple have established their home.

Fuszard-Akers Nuptial Rites Performed In Diamond Bar

Honeymooning this month in Mexico City are Mr. and Mrs. Hugh Allen Akers (Rebecca Gene Fuszard of Diamond Bar). The couple was wed June 15 at the Diamond Bar Congregational Church, with the Rev. Max Vestal performing the ceremony.

The bride's floor-length gown was of white satin with a silver metallic lace bodice, sleeves and train. Her satin pillbox hat held a shoulder-length veil, and she carried white roses with stephanotis.

Mrs. Donald Simone of Diamond Bar served as honor attendant for her sister. David King of North Hollywood was best man.

Miss Maureen Eversten of Phoenix, Ariz. served as bridesmaid, and ushers were Ben Lockart of Kingstown, St. Vincent, W.I., and Charles Gay of Redlands.

Flower girls were Lura Simone and Valerie Akers, who dropped flower petals along the aisle.

During the ceremony, duets were rendered by Mrs. Alice Maskikian and David Williams, accompanied at the organ by Mrs. Joyce Wright.

The reception was held in the Church hall. Following their honeymoon, the couple will make their home in Berkeley, where the bridegroom plans to attend graduate school at the University of California.

Out-of-town guests included Mr. and Mrs. Ray Doubt of Ferndale, Wash.; Mr. and Mrs. Leslie C. Pullen, Portland, Ore.; Miss Karen Gostanian, Fresno; Major and Mrs. Ronald L. Akers, Hawthorne; Mr. and Mrs. Ray McCreary, North Hollywood; Mrs. Stanley O'Brien, Mrs. John Majors, Mrs. Letha Brewer, all of Santa Monica.

The bride is a graduate of the University of Southern California Dental School, and was employed as a dental hygienist in Pomona. Her husband is a graduate of the University of California at Riverside, where he majored in biochemistry.

ASSISTANCE LEAGUE BENEFIT -- The Upland and Pomona Chapters of the National Assistance League have worked together for the first time on the largest charity benefit ever staged in the West. Both chapters have been working for months preparing for the "Montclair Plaza Charity Preview", with an expected guest list of 12,000 people. Shown with their husbands at a pre-party gathering are Assistance League members and their husbands, Mr. and Mrs. Carl J. Hase Jr. left and Mr. and Mrs. L. Marburger at the right.

Assistance League Women Work On Charity Benefit

August 3 is a date already pencilled "Montclair Plaza Charity Preview" on thousands of calendars.

On that date, the second - largest shopping center in California and the largest air-conditioned shopping mall - 1000 feet on the West Coast will be the scene for the largest charity benefit ever staged in the West End.

The charity preview will be unique in another way. It will be the first joint venture for two chapters of National Assistance League -- Assistance League of Upland and Pomona Valley Assistance League. Invitations to the charity opening were issued by the two chapters and gate returns will help support the two

Leagues' various philanthropies.

Focal point of the evening will be the Plaza itself -- The mall shops and major stores will be open for the evening. Store personnel will be available to show and demonstrate merchandise but sales will not begin until the following Monday. A parking area for 5000 cars, landscaped as part of the center's extensive beautification program, will accommodate the arrival of an anticipated 12,000 guests.

Guests will congregate amid a setting of extensive terrazzo and quarry tile. The party scene will be highlighted by music of the Les Brown and Stan Kenton orchestras at opposite ends of the mall. Three combos, including the Young Folk, the Shipmates and the Wilder Brothers, will continue the festive scene along the length of the mall; areas for dancing are planned.

The largest buffet ever assembled in Pomona Valley also is on the agenda for the charity event. The twelve buffet tables interspersed along the mall will represent the 12 signs of the zodiac, with correspond-

ing decorations. Included will be Sagittarius, a Thanksgiving scene; Capricorn Christmas Aquarius, Valentine's Day; Pices, St. Patrick's Day; Aries, Easter; Taurus, May Day; Gemini, wedding; Moon children, Fourth of July; Leo, African theme; Virgo, summer, Libra, fall, and Scorpio, Halloween.

The elaborate buffet menu includes hot and cold hors d'oeuvres, assorted finger sandwiches, fresh fruits served on picks, and assorted raw vegetables with remoulade sauce. Cocktails will be available at booths as benefits for Montclair service club philanthropies.

The party is by invitation. Those who have not received one may do so by contacting any of the four invitations co-chairmen: Mrs. Paul Schoenlaub, 624-2475; Mrs. L. James Henderson, 624-2717; Mrs. John W. Mortensen, 982-6462, and Mrs. William E. Walk, Jr., 982-5717.

Other committee chairmen, one from each League, include Mrs. Frank Summers of Pomona and Mrs. Charles T. Vath of Alta Loma,

tickets; Mrs. John Calvin of Pomona and Mrs. Louis Koyser of Ontario publicity; Mrs. Royer Fudge of Upland. Mrs.

Robert Jensen of Ontario, treasurers, and Mrs. Carl Hase, Jr., of the Upland League, telephone.

FOOTHILL LITTLE LEAGUE CHAMPIONS -- for 1968 were recently named with the Skycrest Ford team coming out on top with an impressive 18 wins to three losses. Team members are bottom row, left to right, Chris Hoffman, Chuck Magistro, Dean Cooley, Jeff Sarratt and Ricci Borba; second row, left to right, Steve Schiro,

Mike Clinton, John Pignotti, Tomas Gonzales, Steve Borba and Frank Mistretta; top row, left to right, Manager, John Pignotti, John Schiro, Larry Fischer, Kurt Dockman and Dave Standlea. Coaches not present when the picture was taken are Chuck Magistro and John Borba.

Foothill Little League Names Skycrest Ford Team Champions

Skycrest Ford of Upland's Foothill Little League have become the 1968 Champions with an impressive record of 18

wins and only three losses.

In spite of an injury early in the season to their ace pitcher, Kurt Dockman, the team rallied behind the fine pitching of John Schiro and John Pignotti. Meanwhile Dockman managed to bounce back to become one of the League's top hitters, helping Skycrest win its last six games in a row.

Skycrest also boasted a strong infield, playing almost errorless ball and

led by Mike Clinton, a versatile young man who was able to play any position when needed. One of the finest teams in years, Skycrest had a strong bench that was responsible for many clutch hits throughout the season. In recognition of their

Future Mailmen

One-day mail service to any place in the world could well become commonplace and inexpensive in the future. Messages would be relayed from local "post offices" to the nearest satellite. The satellites (powered by nickel-cadmium batteries constantly under charge from solar cells) would then redirect the message to earth.

Citywide Checker Tournament

Magnolia Elementary School will be the host of the 1968 city-wide checker tournament to be held Friday, July 19. Each city recreation center will hold their own separate checker tournament for boys and girls 7 to 12 years of age during the early part of the week.

Champions from each Upland recreation center will be sent to Magnolia Elementary School where the finals will be held. A trophy will be awarded to the city champion and the runner-up in each division.

Division one will contain boys and girls 7, 8

and 9 years of age and division two will contain boys and girls 10, 11, and 12 years of age. Ribbons will be awarded to other outstanding players.

The Upland Recreation Department will also sponsor a city-wide ping-pong tournament August 2nd.

SHARPENING THEIR GAME -- for the upcoming citywide Recreation Department's Checker Tournament set for July 19 at Magnolia School are at the left, Steve Frazier and Craig LeBlanc. In the center of the children on the right is Murray Smilkstein, recreation center supervisor at Magnolia. To his left is Danny Claver and on the right is David Claver.

CARROM CHAMPIONS -- Joe Orzeck left and Eddie Clark, center front, are seen with their trophies after winning the citywide Carrom Championship at Citrus Elementary School. Shown with the two winners are center back, Gordon Engle, Citrus supervisor and George Schilens, recreation director.

Joe Orzeck Named Champion

With participants from fine recreation centers participating in the Carrom Tournament, Joe Orzeck, representing Citrus Elementary School (scene of the title play), won the 12 and under city championship competition in carroms July 11.

Joe Orzeck, 12, had to beat Curtis Oldenkamp, 12, in a best two out of three playoff series. The first game went to Oldenkamp but Orzeck won the last two games to "steal" first place.

Finishing behind Orzeck in the 10-12 age group were: Curtis Oldenkamp, 12, Baldy View School; Perry Persike, 11, Sierra Vista School; Steve Fleener, 12, Foothill Knolls School; and Ron Meyer, 11, Magnolia School.

Eddie Clark, also of Citrus Elementary School, finished on top in the nine and under division. In order after Clark, 9, were Mark McElroy, 8, Baldy View; Dick Seguy, 9, Sierra Vista; Robert Payan, 7, Foothill Knolls; and

Don Trudeau, 9, Magnolia.

The twin sweep puts Citrus recreation center in first place in the recreation point standings

with 20, followed by: Baldy View, 14; Sierra Vista, 10; Foothill Knolls, 6; and Magnolia, 4.

The next city-wide tournament will be held Friday, July 19, at Magnolia recreation center, with competition in checkers.

Connie Engles Holds Small Fry Spellbound

One of the most popular features of the City of Upland's summer recreation program is story-telling. There are usually two tales for the four to seven-year-old youngsters each day, one read at the beginning of the hour and the other toward the end. In between, children play one or two simple games and sing a few songs. They are given a chance to share interesting experiences and treasured objects, and also to perform.

The program is under the excellent supervision of Miss Connie Engle who

travels to five schools daily to bring enjoyment to the youngsters of the city.

There is no registration necessary and the small fry are welcome from 9 to 9:45 a.m. at Citrus School, 10 to 10:45 a.m. at Baldy View School, 11 to 11:45 a.m. at Foothill Knolls School, 1 to 1:45 p.m. at Sierra Vista School, and 2 to 2:45 p.m. at Magnolia School.

Each class has been averaging from 40 to 50 children a day but there is always room for more to come and enjoy the fun.

Baldy View School Is Scene Of Talent Show

UPLAND - Arts and Crafts instructors Julie Potts and Toni Poochigian supervised and held a talent show and party for youngsters Thursday, July 11 at Baldy View Elementary School.

In addition to the regular class schedules of learning how to make interesting articles, the talent show provided the children a chance to meet

together on an informal basis and allowed them to express some of their hidden talents which range from piano playing to a boy who whistles like a mockingbird.

Prizes were awarded to the top three performers and approximately 60 children participated. Punch and cookies were served to all who attended.

HIDDEN TALENTS -- bloom in the Upland Recreation Department's summer program for school children. Shown at a recent talent show are Becci Newlan in the background, Margaret Collins with the flute and flower girls Patty Collins and Kathy Orman.

Vern Carner Is New Minister At Seventh-Day Adventist

Upland - Ontario Seventh-day Adventists feel very fortunate in obtaining Pastor Vern Carner as their new minister. His first appearance was in the baptismal font, where he baptized two new members, Preston Hickey and Ralf Snider.

Pastor Carner is now residing at 1354 Winn Dr. Upland.

He and his wife Barbara Jean came to Upland from Eustis Fla., where he was the pastor of his church. He also taught Religion in the Parochial High School in Miami, Fla.

Besides Eustis, he has pastored churches at

Pastor Vern Carner

Leesburg, Fla. and Vivian and Minden La. He was also Secretary - Treasurer of the Ministerial Association while in Eustis.

Pastor Carner was educated at Southwestern Union College, Keene, Tex.; Union College, Lincoln Neb. and Andrews University Theological Seminary, Berrien Springs, Mich.

Delegates To C.S.E.A. Are Named

Upland representatives from the Upland School District have been selected as delegates to the 42nd annual conference of the California School Employees Association slated for July 30 - Aug. 2 in Bakersfield.

They are Mrs. Connie Fisher, 730 W. 24th St., Upland, and Tony Mendoza, 748 E. Granada Ct., with Alfred Espindola, 529 E. 11th St., and Mel Barron, 1652 E. Yale, as alternates.

Brethren Will Hear Dr. Hubert Mitchell

Dr. Hubert Mitchell recently returned from Indonesia, will speak at the Fifth Annual Spiritual Life Conference at the Upland Brethren in Christ Church, Dr. Mitchell served as a missionary for six years in the jungles of Sumatra just prior to World War II.

His missionary career also includes five years in India, in Ceylon, and Singapore with the Youth for Christ. He later became Director of Youth for Christ Overseas program and is now working with Interchurch Ministries with Headquarters in Chicago. He is also director of the "Go Ye" Fellowship Missionary organization of Los Angeles.

In 1964, Dr. Mitchell introduced a revolutionary ministry in Chicago called Tele-Visitation, reaching people for Christ and the Church by direct calling from the telephone.

He will be speaking on Saturday evening,

Church Will Hear The Gospel In Song

The Revivalaires Trio, Bob Dempster, Manager and Emily Clark, Director, will present the Gospel in song and message at the Upland Community Foursquare Church at 8th and Campus, at 10:50 a.m. Sunday, July 21st, according to the Pastor, Rev. Vivian B. Twyford.

The inspirational singing of the Revivalaires Trio has captured the hearts of people across the United States and in other lands as they have

blended voices in presenting some of the greatest gospel songs of today.

"How Much For A Child," a stirring pageant, will be presented by members of every department of the Sunday School at the evening service at 7 o'clock. This dramatically presents the various bibles made for the lives of youth today and the need for Christian Training.

The public is cordially invited to all of these services.

Mrs. Nellie Dail Celebrates Ninety Four Years Of Youth

Mrs. Nellie Dail who resides with her daughter, Mrs. Forrest E. Doucette at 2485 Mesa Terrace, Upland, celebrated her 94th birthday on Saturday July 13 with a family gathering at the Doucette home on San Antonio Heights.

Having been born on July 18, 1874, her birthday party was slightly ahead of time and was arranged to combine her birthday with that of a cousin, Mrs. Marion Ricca of Palo Verde Estates, whose birthday fell on July 9th.

This active and peppery little lady was born in Lindley, Grundy County, Missouri, one of four children of Johnson and Martha DeWitt. Her mother Martha was of the Wright family made famous by Orville and Wilbur Wright with the first successful heavier-than-air flight mechanically propelled airplane first flown in 1903.

She married Edward Bates Dail, named for a governor of Missouri, in 1899, in Humphreys, Missouri, and from this union there were four children, all born in Linneus, Mo., and all still living, including Edward DeWitt Dail, Kirkwood, Mo.; Dr. Howard Bates Dail, Orinda, Calif.; Mrs. Von Robbins, Madera, Calif.; and Mrs. Forrest E. Doucette, Upland.

Upon the death of her husband in 1914 she disposed of the family farm and moved to Columbia, Mo., where she became a librarian at the University where all four children were educated.

She has lived with her daughter in this area for the past thirty years, first in Ontario at 219 Harvard Pl., and since 1955 at the present Upland address.

While living in Ontario she became a member of the First Methodist Church which she attended for years and of which she is still a member but with less frequent attendance.

Despite the minimizing of her activities away from home she has a wide field of interests which keep her alert and oc-

YMCA Stages Pack In Camp

The Pomona Valley YMCA is conducting Pack In Base Camp for boys 13 years and up, July 31 to August 7.

This is the second year for the Pomona Valley YMCA trek to Hilton Lakes located approximately 40 miles north of Bishop at the 8,000 foot level among nine picturesque lakes.

The Pack In Base Camp provides mules to carry the heavier equipment while boys and leaders will hike approximately 7 miles to their campsite. They spend the week in the back country trout fishing; exploring crags and crevices; shoe skiing on the ice pack near the 9,000 to 10,000 foot level; cooking their own food; taking part in evening campfire programs; and exploring the marvelous High Sierra country.

OIA Travel Increases Over 50% Above '67

ONTARIO -- Increases in the number of scheduled airline passengers arriving or departing Ontario International Airport rose 51.2 per cent during the first six months of 1968 compared to the same period in 1967, according to Airport Manager Robert M. Hamilton, Jr.

A mid-year Volume of Air Traffic report issued by Hamilton indicates 214,774 scheduled passengers enplaned or deplaned scheduled airlines

so far this year compared to 142,013 passengers in the first six months of 1967. Air freight and air express also rose over 50 per cent in the reporting period. During January through June 1967, air freight poundage totaled 199,472. Total pounds shipped by air freight so far this year was 310,987 -- an increase of 55.9 per cent over the reporting period in 1967. During the month of

June 1968, scheduled airlines enplaned or deplaned 44,469 passengers. During June 1967, the airlines processed 30,360 passengers at Ontario International Airport.

Four airlines now provide scheduled daily flights from OIA. Western Air Lines started service at the local airport in 1949; Air West (formerly Bonanza Air Lines) started service in 1955; Cable Commuter Airlines started at OIA in October

1967; and Pacific Southwest Airlines (PSA) started service in June 1968. Air California is scheduled to begin service at OIA in September 1968.

Over \$1 billion will be poured into the over-all economy of the State of California during 1968 by the dairy industry of the state, reports Director of Agriculture Earl Coke.

163rd Fighter Group Gets New Commander

Command of the 163rd Fighter Group of the California Air National Guard was formally transferred from Col. Arthur H. Bridge to Lt. Col. Donald L. Frisbie in ceremonies at the Ontario Air National Guard base, Ontario International Airport, July 14. In addition, the 163rd Fighter Group was awarded the U.S. Air Force

Missile Safety Plaque emblematic of an accident free year of performance with missiles utilized by the unit's F-102A Delta Daggers. Col. Bridge, 51, of Alta Loma, a life resident of the West End area, was awarded the Oak Leaf Cluster to the Medal of Merit for "exceptionally meritorious service" in the Air National Guard

by Maj. Gen. Glenn C. Ames, adjutant general for the State of California.

The veteran pilot resigned from the California Air National Guard last month. He has been group commander of the 163rd since May of 1958 and prior to that commanded the 196th Fighter Interceptor Squadron.

Lt. Col. Frisbie, resident of Rialto and a veteran of World War II

and Korea with 26 years of military service, was deputy commander for operations of the 163rd until his appointment as group commander.

Col. Bridge inspected the 300 officers and airmen of the 163rd for the last time during the ceremony and then watched as the group passed in review for their new commander.

Prior to turning the group over to Lt. Col. Frisbie, Col. Bridge accepted the missile safety award from Col. James W. Bradford, representing the National Guard Bureau.

In presenting the award, Col. Bradford stated: "During the period for which the award was given (1967), the 163rd Fighter Group conducted over 324 day loadings and 72 night loadings for proficiency training. An additional 156 loadings were in support of Air Defense Command commitments.

"The unit's deployment to Tyndall AFB (Florida) for live firing of AIM-4A's (Falcon), was completed without incident. The group also underwent safety surveys by Headquarters, U.S. Air Force and 4th Air Force. Fifteen out of the 18 areas evaluated were rated outstanding.

"The accomplishments of this tactical organization required a high degree of dedication and proficiency on the part of all personnel, and reflect excellent supervisory, planning, coordination, and maintenance support. The effective accident prevention efforts of the 163rd Fighter Group perpetuate the highest traditions and standards established for the award."

Maj. Gen. Ames, chief reviewing officer for the ceremony, pinned the Oak Leaf Cluster to the Medal of Merit on Col. Bridge and stated:

"Under Col. Bridge's command, the 163rd... maintained a most enviable safety record while, simultaneously, meeting operational and training requirements far surpassing those established by the Aerospace Defense Command and the National Guard Bureau.

"His devotion to the varied duties and responsibilities of an air commander elicited the admiration and respect of superiors and subordinates alike during his many years of service.

"Col. Bridge's profound determination and in-calculable efforts toward attainment of a reserve readiness posture within his group are characteristic of his personal dedication to the military service."

Music for the change of command ceremony was provided by the 562nd California Air National Guard Band from Van Nuys.

Other visiting military officers and dignitaries attending the ceremonies were: Brig. Gen. G. W. Edmonds, acting commander of the California Air National Guard; Brig. Gen. Eugene L. Strickland, vice-commander of the 4th Air Force; Col. William Pendleton, commander of the 146th Air-Light Group, Van Nuys Air National Guard Base; and Robert Hamilton, Ontario International Airport Manager.

GETTING READY for their final Foothill Minor League game of the season are (left) Todd Fowikes and (right) Jim Bond. Both boys have received valuable training and will try out for a spot on a Little League team next year. In the background is the outfield fence donated by the City. In addition to the fence, the City of Upland also constructed a snack bar on the site.

MANAGER KEN LOUDERBACK of Dineen Trucking, Foothill Minor League, looks on as his team is taking practice at Magnolia School in the final game of the season. Approximately 300 boys participated in Foothill's baseball program this year, 120 in Little League and 160 in Minor League.

Dr. Van Voorhis Heads County Freeways Drive

Dr. D.L. Van Voorhis of San Bernardino, for long and active service in numerous San Bernardino County civic organizations, has been named county chairman of the statewide Citizens for Freeways and Highways.

The citizens group is a public service organization being formed to support the state highway building program.

Dr. Van Voorhis' appointment was announced by Robert E. McClure, editor - publisher of the Santa Monica Outlook, who is Southern California chairman of Citizens for Freeways and Highways.

"Because of its superior highway system, California offers its citizens ease of transportation enjoyed in no other state," Dr. Van Voorhis said.

"There is a danger that some people will try to take away the gas taxes that now finance freeway construction for use in other projects. Good highways are vital to the people of San Bernardino County as they are to the rest of the state. We must see that highway construction keeps pace with the increasing demand."

The formation of this citizens group has been encouraged by the Freeway Support Committee of the California State Chamber of Commerce. Through its own committee the Chamber is conducting a public education program aimed at an improved understanding of freeway benefits.

Dr. Van Voorhis is vice president of the San Bernardino Chamber of Commerce trade division. He served 12 years as a member of the San Bernardino County Economic Development Commission and is active in other community affairs.

George M. Vanus

Boilerman Third Class George M. Vanus, USN, 21, son of Mr. and Mrs. George M. Vanus of 1723 Erin Ave., Upland, is serving aboard the destroyer USS Hollister.

He and his shipmates recently participated in the rescue of an Air Force helicopter, adrift in the Gulf of Tonkin.

His ship, homeported at Norfolk, Va., provides gunfire support for U.S. and Allied forces in Vietnam and performs search and rescue operations for downed pilots in the Gulf of Tonkin.

Shelby M. Forrest

Marine Reserve Colonel Shelby M. Forrest, 44, of 437 Greenfield Court, Upland, and husband of the former Miss Gloria Clawson of Flagtown, N.J., has completed a two-week course at the U.S. Naval War College, Newport, R.I.

He is one of a 100 specially selected Navy, Marine Corps and Coast Guard Reserve officers from throughout the U.S. to complete the course. The college, highest graduate level educational institution of the Navy, is a vital factor in the task of preparing specially selected officers for future positions of great responsibility if called to active duty.

At the Naval War College, he was familiarized with current concepts and latest developments in naval warfare.

Bernard B. Angel

Second Lieutenant Bernard B. Angel, son of Mr. and Mrs. Glenn L. Angel of 706 Quince Ave., Upland, has been graduated from a U.S. Air Force technical school at Keesler AFB, Miss.

He was trained as a communications officer and has been assigned to a unit of the Air Force Communications Service at Sembach AB, Germany.

The lieutenant, a graduate of Upland High School, received a B.S. degree from California State Polytechnic College, San Luis Obispo, and is a member of Delta Sigma Phi.

He was commissioned in 1967 upon completion of Officer Training School at Lackland AFB, Tex.

His wife, Wendy, is the daughter of Mr. and Mrs. Richard H. Tunnick of 157 S. Orange Drive, Los Angeles.

ious fire techniques and tactical maneuvers for helicopters supporting ground troops in combat. He also received instruction in helicopter maintenance and survival techniques.

David B. Hansen

Second Lieutenant David B. Hansen, son of Mr. and Mrs. Jack T. Hansen of 7839 Buena Vista, Cucamonga, has been awarded U.S. Air Force silver pilot wings upon graduation at Vance AFB, Okla.

Following specialized aircrew training at other bases, he will be assigned to George AFB, Calif., for duty as an F-4 Phantom pilot with the Tactical Air Command.

Lieutenant Hansen, a 1961 graduate of Upland High School, received his B.A. degree in 1965 from Vanderbilt University, Nashville, Tenn. He also attended the Universidad de Madrid (Spain) and is a member of Sigma Alpha Epsilon. The lieutenant was commissioned in 1967 upon completion of Officer Training School at Lackland AFB, Tex.

His wife, Linda, is the daughter of Mr. and Mrs. Lawrence Olson of Zinfandel Lane, Turlock, Calif.

Jeffrey A. Taylor

Eddie A. Fields

Damage Controlman Jeffrey A. Taylor, USN, 20, son of Mr. and Mrs. Taylor of 666 Olive St., Upland, and Radioman Third Class Eddie A. Fields, USN, 21, son of Mr. and Mrs. Eddie A. Fields of 609 N. Ave., Upland, are serving aboard the nuclear powered aircraft carrier USS Enterprise in the Gulf of Tonkin.

As crewmembers, they will assist in the combat air operations being conducted against the enemy below the 20th parallel.

Chester R. Warda

Marine Private First Class Chester R. Warda, son of Mr. and Mrs. Chester Warda of 9673 San Bernardino Road, Cucamonga, Calif., is serving with the Third Battalion, Fourth Marine Regiment, Third Marine Division in Vietnam.

As a member of the battalion he helps capture or destroy enemy forces. He accomplishes this through weapons fire, tactical maneuvering and both large and small scale operations.

His unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials are made available through the Marine Corps Reserve Civic Action Fund.

Robert H. Crawford, 111

Robert H. Crawford III, 19, son of Dr. and Mrs. Robert H. Crawford Jr., 1380 N. Laurel, Upland, received the silver wings of an Army aviator and was appointed a warrant officer June 4 upon graduation from the Army Aviation School at Hunter Army Airfield near Savannah, Ga.

During the 16-week course, he was taught var-

County, Cities Receive Fees

SACRAMENTO - California's cities and counties shared \$188 million in motor vehicles license fees during the 1967-68 fiscal year, State Controller Houston L. Flournoy announced today.

The money, which may be used by the cities and counties for general public purposes, takes the place of local property taxes on vehicles.

Half of the \$188 million was distributed among California's 401 incorporated cities, with the other half going to the 58 counties—all on a popula-

tion basis. The allocation now amounts to \$6.37 for each city resident and \$4.97 for each county resident, Flournoy said.

The money is distributed by the State in three payments -- one in December, a second (advance payment) in April, and the third and final in June.

The June payment totaled \$44.8 million, Flournoy said, with San Bernardino County's share \$2,873,641.39. Cities in this area received the following amounts: Montclair, \$130,650.22 and Upland \$163,896.03.

High Adventure In Sierras For 'Y' Boys

The Pomona Valley YMCA will be conducting an adventuresome trip to the High Sierras for boys 12 years and up July 20 to 27.

Some 25 to 30 boys will disembark at YMCA Base Camp near Mammoth, California and spend the week sleeping under the stars; exploring Ghost Towns; catching rainbow trout; hiking in roughed High Sierra back country; sleeping close to the snow near clear mountain streams and swimming in a volcanic heated stream.

The youngsters will be in groups of 7 to 8 boys with a counselor and will take part in these adventuresome activities.

MONKEYS FARM WORKERS?

Monkeys may be harvesting crops before the end of the next decade, if an Anaheim animal psychologist, Don Smith, has his way. Smith says he wants to make farmers out of monkeys because "monkeys can do many things as well as, or better than, man. This also would free man for work on a higher intellectual level."

NOTICE INVITING BIDS TIME OF OPENING:

Notice is hereby given that the Board of Trustees of the Cucamonga School District, Cucamonga, California, will receive sealed proposals up to, but not later than 3:00 P.M., on the 1st day of August, 1968 for installation of gas-fired air conditioning in the Cucamonga School Buildings, located at 8677 Archibald Ave., Cucamonga and in the Los Amigos School Buildings, located at 8646 Baker Ave., Cucamonga, California.

WHERE RECEIVED:

Such proposals shall be received in the Office of the Superintendent of Schools, 8806 Archibald Avenue, Cucamonga, California, on or before the time and date above stated.

WHERE DRAWINGS AND SPECIFICATIONS MAY BE SECURED:

Each proposal must conform and be responsive to all pertinent contract documents. Copies are now on file and open for public inspection in the office of the Superintendent of Schools, 8806 Archibald Ave., Cucamonga, California. Specifications and all pertinent Contract Documents may be obtained for bidding at the office of the Superintendent of Schools at the address stated above. It shall be necessary for all bidders to inspect and verify all conditions at the site and to prepare and submit three copies of working drawings to Owner for the approval of the Owner and the State Fire Marshal prior to start of the job.

BID FORM:

Each proposal shall be submitted on forms provided in the Specifications. Proposals submitted on other forms shall be rejected.

BID GUARANTEE:

A. Each proposal shall be accompanied by a certified or cashier's check or bid bond for five per cent (5%) of the amount of the proposal made payable to the order of the School District, shall be sealed in a plain envelope with the name of the bidder and the kind of work on which he bids marked plainly on the face of the envelope and filed with the Superintendent of Schools, at 8677 Archibald Avenue, Cucamonga, California on or before the time and date stated above. Each proposal shall be opened and publicly read aloud shortly thereafter.

B. Said check or bond shall be given as a guarantee that the bidder will enter into the Contract if awarded to him. In the event the bidder refuses to execute said Contract, the use by the public of said structure will be delayed, and the public will suffer great damage. From the nature of the case, it would be extremely difficult and impractical to fix said amount of damage. Therefore, the School District and the bidder agree that the above sum shall be paid to the School District under the condition set forth above as liquidated damages and not as a forfeiture.

WAGE RATES:

It shall be mandatory upon the Contractor to whom a Contract is awarded, and upon all subcontractors under him, to pay not less than said general prevailing rates of per diem wages to all workmen employed in the execution of this Contract. The School District has determined said prevailing rates and a list of such rates is on file in the Office of the Superintendent of Schools and is made a part hereof as Exhibit A.

RIGHT TO REJECT BIDS:

The Board of Trustees reserves the right to reject any or all bids and to waive any irregularities or informalities in any bid or in the bidding for any reason.

WITHDRAWAL OF BIDS:

No bidder may withdraw his bid for a period of forty-five (45) days after the date set for the opening thereof.

Campers And Parents Complete Plans For Onyx Summit Camp

Camp Oakes campers and parents will meet Tuesday, July 16, 7:30 p.m. at the Upland-Ontario Y.M.C.A. to receive camp information and leader and cabin assignments for the annual Camp Oakes residence camp July 20-27.

Dir. Babington, Camp Director, will present the camp program, camp in-

formation, introduction of Unit Director and counselors. Parents will participate in a question and answer period.

Colored slides of Camp Oakes activities will be shown by Jerry Jones.

Camp Oakes is located near Onyx Summit on Highway 38, 13 miles southeast of Big Bear

Lake in the San Bernardino mountains.

Registration for Camp Oakes is still open for boys 9-12 years of age. Boys and parents may register at the Y.M.C.A., 215 West "C" St., Ontario. Campers do not have to be members of the Y.M.C.A. to attend.

George VanTubergen Joins Staff At Claremont College

CLAREMONT - A former executive with the Boy Scouts of America has joined the development staff at Claremont Men's College, President George C.S. Benson has announced.

George W. Van Tubergen, long-time resident of Pomona Valley, presently of Upland, has been named assistant to the president in the state planning department.

W. Frederick Moore, who has been handling estate planning, will assume the newly created position of assistant to the president for corporation and foundation relations. Van Tubergen has for 18 years been on the professional staff of the Boy Scouts of America. He is an alumnus of UCLA and Stanford University, and was with the U.S. Army Signal Corps during World War II.

After attending the Na-

tional Training School for Scout Executives in Mendham, N.J. Van Tubergen became Assistant District Executive of the Los Angeles Area Council in 1947. He later moved to the local area as District Executive of the

George Van Tubergen

Old Baldy Council, and in 1960 was named Assistant Scout Executive of this area. He resigned from the latter post to join the Robert Johnston Corporation as a fundraising consultant in 1965.

Van Tubergen was one of the founders of "Miniaturas Militares," an international society of military miniature figure collectors and historians. His original figurine sculptures are on exhibit at the Los Angeles County Museum and in art museums and private collections throughout the United States.

The new appointee, who is married and has two children, is a past member of the Kiwanis Club of Upland; the American Legion; American Field Service (former finance chairman, Upland area), and was formerly a Deacon of the San Antonio Heights Baptist Church.

Girl Scouts Attend Camp

Approximately 86 girls from Ontario and the surrounding area are currently enjoying a Day Camp from July 9-11 to July 16-18, sponsored by the Spanish Trails Girl Scout Council, at the John Galvin Park, East Fourth Street in Ontario.

According to Mrs. Joe Pillsbury, Camp Director, "the girls attending are Brownies, Juniors and Cadettes. Special emphasis this year is on the out-of-door Girl Scout program rather than too much time spent with crafts."

"One unit of Cadette Scouts is working on the

requirements for the Hiker's Badge and in doing this the group hiked to Graber Olive House and then on to view the workings of Santa Claus, Inc.

"Another unit comprised of Brownie Scouts has taken several nature hikes looking for insects, flowers, etc. All units are doing a great deal of charcoal cooking in order to help prepare these girls for more advanced scouting activities."

Adult volunteers from the area staffing this camp are: Upland - Mrs. Edward Cavanaugh; Cucamonga - Mrs. Joseph

Romine and Mrs. Roy D. Davis; Montclair - Mrs.

Tri County Multiple Sclerosis Activity Group

The Tri County Multiple Sclerosis Activity Group has announced that its future activities will be carried out under a new name, the Tri County MS Patients Group, serving San Bernardino, Riverside and East Los Angeles Counties.

The group will continue to act for the benefit of multiple sclerosis patient and family, with information and referrals, as well as the monthly programmed meetings held for patients and family.

The organization has functioned for the past six years in helping the patient and family; they established an equipment loan closet.

In March 1968, the National Multiple Sclerosis Society, Arrowhead Area Chapter, 258 West Highland Avenue, San Bernar-

dino, was established. Tri County Group turned over ownership as a donation to this chapter, all equipment owned by the group.

The chapter's responsibility is to service the patient, and all requests should be sent to the chapter address.

Tri County Multiple Sclerosis Patients Group will retain its own identity, and assume no responsibilities of the newly formed Arrowhead Area Chapter, other than cooperation and unity of purpose for the welfare of the multiple sclerosis victim.

Mrs. W.M. Munford, of 559 W. Granada Court, Ontario, is general chairman; Mr. R.B. Hill, 1588 Alameda St., Pomona, is the Patients Group president.

Shiny Car

A nickel-plated formula racing car, the Brabham-Vergantone Formula B, was exhibited at the 1985 New York International Auto Show. The entire chassis, most of the suspension and many parts of the engine are nickel-chrome plated.

Satellite Messages

A personal transceiver, which man can use to speak to any person on earth, could possibly replace the telephone, as we know it today by 1985. Satellites using nickel-containing alloys will beam the signal toward the desired receiver wherever it is.

Ultrasonic Washers

Ultrasonic waterless washers for cleaning glassware and intricate instrument parts use intense high-frequency sound waves, generated by vibrating nickel or nickel alloy parts to replace the usual water agitator or pump.

your own future!

"There is a purpose to all life," says Jeane Dixon, "and the Lord has devised a grand plan with places for each of us to occupy. It is our responsibility to develop our talents and skills and fulfill our purpose in life."

Through visions and psychic reactions, Mrs. Dixon became a world-famous seer by predicting —

the assassinations of John F. Kennedy and Mahatma Gandhi, the death of Franklin Roosevelt, Churchill's defeat in 1945, Truman's election in 1948, the partition of India, the Red takeover of China, Russia's first Sputnik, the rise of Khrushchev and in 1964 his downfall, the Ecumenical Council, the outcome of the last six presidential elections, Reagan's victory in California, the plane crashes that took the lives of Carole Lombard, Dag Hammarskjöld, the suicide of Marilyn Monroe, the ouster of Sukarno and failure of communism in Indonesia in 1966.

NOW Jeane Dixon bends her psychic talents toward helping each individual see his way more clearly through the confusions of daily life and fulfill his potential. READ —

Speaking Of Candidates, This One Is Running On Coronary Platform

He is fat, he smokes more than a pack of cigarettes a day; his blood cholesterol level is above normal; he has high blood pressure.

This unfortunate fellow is an ideal candidate for a coronary heart attack.

It does not follow, of course, that a slim, non-smoking woman with low blood fats and no hypertension cannot have a heart attack.

It does mean that each of the unfortunate factors listed for our fat friend is known to be associated with mankind's leading killer, and that the more factors present in one person, the higher his risk.

The basis for this sharply delineated portrait of the coronary-prone human is not the result of subjective guesswork. It is, instead, a statistically valid finding from an extraordinary study which has been under way since 1949 in Framingham, Massachusetts.

In that year 5,000 men and women were selected at random and given extremely thorough physi-

cal and psychological tests. They will be closely followed—with frequent re-examinations—for a total of 20 years.

While the picture is not yet complete, an analysis by the experts of the data collected over the years to date gives a pretty clear composite picture of those among the 5,000 who have had heart attacks.

TYPICAL VICTIM
Clearly the typical victim is that fat cigarette smoker with high cholesterol and hypertension. It may seem strange that anyone should find these facts heartening, yet in a way they are. For it should be noted that, with one exception, all the factors which make our fat man such an ideal candidate for a coronary are either preventable, curable or treatable.

Our candidate cannot, of course, help being a man. He is stuck with his sex, and statistics indicate unquestionably that men suffer coronaries much more frequently than women, at least until the latter reach the menopause.

But there is no reason under the sun why our candidate should remain obese. The weight of even the fattest man be brought down to a healthy level and kept there.

But it should be done only under the guidance of a physician. Starvation diets or other fad methods of losing weight, practiced on a do-it-yourself basis, can be dangerous.

Nobody should pretend that it is easy for the long-time heavy cigarette smoker to shuck his habit. But it can be done.

Here, again the help of a doctor may be needed. Others have been assisted in this rugged test of will power by group therapy clinics. Others just stop—and then make life miserable for their more spineless friends.

A High cholesterol level presents a tougher problem. No drug has yet been found which can safely and certainly reduce blood fats in all patients.

But there is increasing evidence that diets which replace saturated (largely animal) fats with unsaturated (mostly certain types of vegetable) fats in the diet are quite helpful in this regard.

BLOOD PRESSURE

As to high blood pressure, in most people it can be lowered and controlled with medications. Here again it is important that the job be done under the supervision of a physician.

One final point is well worth noting: it is never too late to start. Statistics have shown clearly that the heavy smoker who quits reduces his coronary risk almost to the level of the man who never smoked; life insurance studies indicate that the former fat man is almost as safe as his brother who has always been lean; and the death rate from hypertension fell 44 per cent between 1950 and 1960—thanks to the availability of anti-hypertensive drugs.

So you can take heart.

Only 15% Of Senior Citizens Using Property Tax Assistance

Only 30,000 California senior citizens have taken advantage of the Senior Citizens Property Tax Assistance Law to date, Martin Huff, Executive Officer of the Franchise Tax Board, said today.

This is 15 percent of the total of 200,000 claims which were expected to be filed, he said. Apparently, many believe that filing is complicated, he said.

while it really is quite simple.

All that claimants need to do is provide their name and address, their social security number, and list their annual household income on the claim form and send it to the Franchise Tax Board along with proof of their age and a copy of their receipted tax bill.

Huff pointed out that

this new Law, the Senior Citizens Property Tax Assistance Law, neither requires that a lien be placed on the property of claimants, nor does the amount of the reimbursements have to be paid back to the State.

To qualify for property tax assistance, claimants must be 65 years of age, own and occupy their own home, have paid the property taxes for 1967-68

fiscal year, and have an income of less than \$3,350 for calendar year 1967.

Information and claim forms may be obtained from any office of the Franchise Tax Board, or by writing to Senior Citizens Property Tax Assistance, P.O. Box 1588, Sacramento, California. The deadline for filing claims for property tax assistance is August 31, 1968.

'Breath Of Life' Message Presented To LACA Members

"Buenos días, Señoras, Señores. La Compañía General de Telefonos desea expresar su agradecimiento por la oportunidad que nos brindan al estar con ustedes. With this introduction, Gary West, speaker from General Telephone Company of California commenced a special "Breath of Life" program to 55 non-English speaking members of the Latin American Civic Association (LACA) of Upland.

tion Head Start in San Fernando. "BREATH OF LIFE" The "Breath of Life" program dealt with life saving mouth-to-mouth resuscitation. It is part of General of California's Speakers Bureau program presented annually to more than 720 service clubs, organizations and schools in the utility's serving territories in Central and Southern California. Although nearly the

250th presentation of the "Breath" program made by West since 1966, this was the first time he addressed a non-English speaking group. Aiding the General of California speaker as translator was Eunice Bolivar, member of LACA. A native of Columbia, South America, she has been in the United States since 1964. LACA aids more than 550 children in a poverty area with a working staff

of 140 persons. Seventeen sites throughout the San Fernando Valley are used to provide 39 classes to the children. In addition, a special program for parents also is sponsored. The program tries to develop "the whole child," according to Joe R. Cruz, parent involvement coordinator. Participating children benefit from social workers, a complete health program, educational facilities and

psychological assistance. Degreed social workers and credentialed teachers, many of whom are bilingual, are employed in the Operation Head Start program. INVOLVE PARENTS "We attempt to involve as many parents as will participate," Cruz says. "This is one of our biggest problems. This community is very 'family oriented' and for us to get them involved in an activity away from their

immediate home is difficult. "We were thrilled with the response we received from the General Telephone program," Cruz continued. The audience appreciated the fact Mr. West took the effort to make his opening and closing remarks to them in Spanish. They were also very responsive to the "Breath of Life" presentation itself. "We have difficult task in making contact for

community resources in San Fernando, so when companies like General Telephone offer their assistance, we are quick to utilize their excellent trained staff." The "Breath" program is designed to teach audiences the proper technique of administering mouth-to-mouth resuscitation since breathing can suddenly stop at any time or any place. A specially manufactured mannequin is used to show that when properly administered, anyone, including children can save another person's life.

Sophisticated Dessert Made Ahead of Time

This simple make-ahead dessert has sophisticated flavor. **STRAWBERRY WINE GELATIN** 1 package—3 ounces—strawberry-punch flavor gelatin dessert 1 1/4 cups boiling water 1/4 cup dry white wine Strawberries—for garnish.

Into a one-quart bowl turn gelatin dessert. Add boiling water; stir until dissolved. Add wine and stir to blend. Turn into five 1/2-cup molds; chill until set. To unmold: Dip bottom of mold in warm, not hot, water to depth of gelatin. Loosen around top edge with tip of a paring knife. Place serving dish on top of mold and turn upside down together. Tightly pressing mold to serving dish, shake once. If gelatin does not unmold, repeat. Garnish with strawberries.

Debby's Diary

EDITOR'S NOTE - Starting with today's issue, the Bonita newspapers, Upland News, Montclair Tribune, Cucamonga Times, the San Dimas Press, the LaVerne Leader and the Diamond Bar-Walnut Valley Bulletin, will publish Debby's Diary—a column of advice to the lovelorn and others who may have problems.

Readers are invited to send in questions c/o to Debby, Postoffice Box 2188, Montclair, Calif. 91763.

Dear Debby:

I have been going with this boy for the last three years of high school. After going with him for this long, it has become difficult not to let things go too far. So far, I have said no. He wants to get married, but we both want to go to college. Should I marry him or go to college and have pre-marital sex.

CONFUSED

Dear Confused:

By all means go to college and above all keep saying no. If your boyfriend really loves you and respects you, he will be willing to wait. Remember men marry girls who say no, and just have fun with girls who say yes.

Don't worry so much about hurting her feelings, say NO you don't want to bar-hop. If she is a good friend she will respect your feelings.

Dear Debby:

I have a boy friend who has been married and divorced for 5 years. His outlook on marriage is very bitter. He wants to become a veterinarian and has 5 years of college to go. The college is up North. I would like to straighten out his thinking, marry him, and help him thru school.

SPECULATOR

Dear Speculator:

If after 5 years he has not changed his thinking, I don't think you can change it for him. Keep in touch with him while he is away, and hope he will change his mind. These things cannot be rushed. To be true "absence makes the heart grow fonder."

Dear Debby:

I have this neighbor who is really something else. Every weekend, she is out in the front yard doing yard work in a very brief bikini and I mean brief. My husband, who I have had to fight to do any kind of yard work, suddenly is getting up on Saturday and Sunday and works in the yard from morning till dusk. Every time I look out of the window, he is talking to her. I realize I do not look as good in a bathing suit as she does, but darn it I resent it. What shall I do?

GREEN EYED

Dear Green Eyed:

Now that you have hubby out working in the yard, let him enjoy the scenery. When he quits looking at gals in brief bikinis, he probably won't be paying attention to you either.

Dear Debby:

I have been playing my guitar in a band for about 3 years and I enjoy it very much. The problem is my parents feel that if I am associating with the world of young music, I must also be associating with the world of narcotics. I have never taken any form of narcotics and I have no plans to do so. What can a guy 19 years of age, who is going to college, has a good job, and has never been in any serious trouble, do to convince a set of parents that he is not really as bad as they think.

A HARD LUCK BOY

Dear Hard Luck: I think your parents are very fortunate to have a son like you and should give you more credit. The only way you can convince them is to carry on as you have, "proof of the pudding" so to speak. Keep in mind, if they didn't love you so much, they wouldn't show any interest at all.

Dear Debby:

I am 18 years old and before long I will be 19 and have to register for the draft. I don't think I could kill anyone if I did get drafted. I don't believe in the war and I want to continue my education. If I burn my draft card I know I would have to go to jail probably. Do you think it would cause me lots of problems later in life if I were to do so?

LOST

Dear Lost: An employer will think twice before he hires a draft-dodger. There are better ways of getting one's point across than going to jail for a federal offense. If you think you have problems now, burn your draft card and find out how big your problems really can be.

Cosby Returns To Melodyland

Bill Cosby popular star of radio, television, clubs, and records returns to Melodyland Theatre for one week beginning Tuesday August 20. It was announced today by theatre management.

The comedy star will perform nightly at 8:30 P.M. Tuesday, Wednesday, Thursday, and Friday and twice Saturday at 6:30 & 9:30 with two performances also slated for Sunday at 3 & 8 P.M.

Reserved seat tickets for all performances of the Bill Cosby Show are available now by mail order only and are priced at \$3.50, \$4.50, \$5.50 & \$6.50 for all performances except the Sunday matinee at 3 P.M. Sunday Matinee tickets range in price from \$2.50 to \$5.50.

Cosby fans may order their tickets by writing Melodyland Theatre Box Office, P.O. Box 3460, Anaheim (92803).

SOCIAL SECURITY...

By Hugh B. Chapman
Pomona Dist. Manager
Social Security Administration

65,000 widows and widowers will become eligible for social security benefits under a recent change in the law! Many of these people live in the Upland area. You may know one, or be one.

In January of this year, President Johnson signed the Social Security amendments of 1967. These amendments created important changes in the law that will affect most people in this area and throughout the country. Today, we will examine one of the more important revisions, one which will bring monthly checks to many widows and widowers, who could not qualify before.

FOR WIDOWS
Until this year, the Social Security Act provided that, for a widow to receive monthly benefits on her husband's account, she must have been at least 60 years of age or have minor children in her care.

Now, a widow or widower who is unable to work because of a severe disability may become eligible for monthly survivor's benefits as early as age 50. To be considered disabled, the widow or widower must have a physical or mental impairment that is severe enough to prevent any type of gainful work. The disability must have lasted or be expected to last for 12 months or more.

The law provides that one can be eligible for these benefits only if the disability begins before the spouse's death or within seven years after death. The only exception is a woman who received benefits as a mother with children. She may be eligible if she became disabled before her mother's payments ended or within seven years after they ended.

This seven-year period protects the widow until she has had an opportunity to establish entitle-

ment to social security protection based on her own work.

The same requirements hold true for a widower. In addition to establishing his disability, the widower must show that his wife provided at least one-half of his support.

The benefit amount payable is based upon two factors. First, is the amount of the husband's earnings.

Second, is the widow's age. The survivor's benefit is reduced approximately one-half of one percent for each month she is under age 62. If her benefits start at age 50, the widow receives one-half the amount her husband's benefit would have been. From that figure, benefits range upward to the full amount payable at age 62.

Payments can start for the seventh full month of disability but no payment can be made for any month earlier than February 1968.

To become entitled to those benefits, a widow must file a claim with social security, provide evidence to establish that she is at least 50 years of age, and submit medical reports to show that she is disabled.

Monthly benefits can continue for as long as the survivor is under a disability, or until she reaches age 60.

If you are interested in further information about benefits for disabled widows or widowers you should contact your local social security office. In this area, our office is located at 445 East Holt Avenue, in Pomona. The telephone number is 986-2239. The office is open from 8:30 a.m. to 4:30 p.m. Monday through Friday. We are also open until 7:30 p.m. on Monday to assist anyone who cannot come in during our regular hours.

A Fawn's Best Friend Is Its Mother--

"A Fawn's Best Friend Is Its Mother"

Don't Save Wildlife Babies.

This advice is passed along from the Pomona Valley Humane Society and the California Fish and Game Dept. to persons who find fawns or other wildlife babies which appear to be left abandoned. Such young animals may be enjoyed and observed, but should be left alone.

This is the time of year when deer and other wildlife begin giving birth to

their young. Unfortunately, it's also the time of year when many people like to get out of the city—or suburbs for a day in the country.

As a result, the Pomona Valley Humane Society and the California Fish & Game officials often get calls from well-meaning nature lovers who report that they have found — "abandoned" fawns.

Does are very good mothers, and although a fawn may appear to be deserted, its mother is

probably not far away and will return to care for her little one. If the fawn is disturbed, it may wander off and become permanently separated from its mother.

The Pomona Valley Humane Society warns against "adopting" such animals, and points out that the state fish and game code forbids the keeping of protected wild animals as pets.

It is a common fact that young wild animals are difficult to care for, and seldom make

good pets if they survive. Appealing as babies, they often become dangerous

as they grow older, and deer are no exception.

Each year there are reports of people—often children—who are seriously injured by supposedly "tame" deer. In some cases, mature "pet" deer have even killed people.

"You can take the wild out of the woods, but you can't take the wild out of the animals."

So go-ahead have a good time this summer, and

enjoy the woods in all this splendor. But, if you are lucky enough to find a fawn, just leave it alone—for its own sake and yours...

Bruce P. Richards
Exc. Director Pomona Valley Humane Society

UC Water Research

HOLTVILLE—By using sprinkler irrigation to solve a soil salinity problem in the Imperial Valley, University of California scientists have shown how to increase the potential yield of vegetable crops here by 50 percent.

This California desert valley is one of the nation's major winter and spring vegetable production areas. A UC research team found that switching from ditch irrigation to sprinklers can reduce the build-up of soil and water minerals that impair plant growth.

Wider planting beds can be used, putting 50 percent more rows of vegetables on each acre of land. There is less soil crusting to impede emergence of tender seedlings so plants come up faster, and with more uniformity. Water use may be cut in half. Sprinklers are now only in limited use in the Imperial Valley.

America is probably the best fed nation in the world, yet we spend the smallest proportion of our income, about 18%, for food of any nation.

North-South Tilt, July 25

The North and South teams which will battle in the 17th Annual Shrine Football Game and Pageant at the Coliseum, Thursday evening, July 25, met face-to-face for the first time at a kick-off luncheon at the Biltmore Hotel, July 7, 1968.

Prior to the get-acquainted session, the players received their official jackets and posed for photos for the charity classic's souvenir program.

The coaches of the two squads expressed optimism for their respective team's chances in the game as they spoke at the luncheon and introduced each of the 25 players from each side.

Leo E. Anderson, Potentate of Al Malakiah Temple, and other Shrine officials also addressed the gathering. Following the luncheon, coaches and players made the traditional tour of the Shrine Hospital for Crippled Children, visiting with boys and girls receiving care and treatment in the "mansion of mercy" at 3160 Geneva Street.

Net proceeds from the classic are earmarked for the operation of the hospital.

Tomorrow morning (7/13) the two teams will begin an 11-day training session. The North will work out at USC under Coaches Forest Klein of Alameda and Bruno Pellegrini of Vallejo. The South will train at UCLA under Co-

aches Harold (Skip) Giancanelli of Lincoln High and Tom Baldwin of Santa Ana.

Press photo day is scheduled for Monday (7/15). Tickets, at \$5, \$3 and \$1.50, are available at the Shrine Football Office, 655 W. Jefferson Blvd., Los Angeles, phone Richmond 9-0166, or through more than 60 Shrine Clubs in the Southland.

Olive Scale Control

Achieved by UC Men
 BERKELEY—University of California researchers have successfully pitted two beneficial insects against olive scale.

The project was conducted by C. B. Huffaker and C. E. Kennett of the Division of Biological Control at Berkeley. The first parasite in their control system was a tiny wasp from Iran, discovered in a shipment of scale sent to the Riverside campus. It proved effective against the scale except during the hottest part of the summer. So a second parasite, another wasp, was imported and proved able to coexist with the first.

Working together, the two beneficial insects have established an ecological balance that keeps the olive scale under control. The general public benefits as well as olive growers since olive scale is a serious pest of oleanders, roses, privet hedges and other ornamentals.

A Boy and His Bedroom

What happens when your child suddenly switches interest from teddy bears to the Beatles?

Well, for one, he's outgrown his bedroom decor, and will be demanding a more "adult-looking" room. But don't panic. Let him do his own painting and decorating.

Striped walls are simplest to produce. Give your child a brush and two cans of latex interior wall paint—Acme's Super Kem-Tone, for example—in contrasting colors. This kind of paint is best for young beginners, as it's easily applied, dries quickly, and is soap-and-water washable.

First, tell him to paint the walls in one background color. After the paint has dried, he can fasten masking tape to the wall, marking off the areas to be striped. Next, he should paint those areas in a contrasting color. When this is dry, he simply removes the tape.

Woodwork is painted last with an easy-flowing, quick-drying latex enamel, such as Acme Semi-Gloss Latex Enamel. With Kem tinting colors, your boy can produce just the right shade.

An extra dividend: He'll be so pleased with his handiwork he'll take better care of his room! (NP Features)

If you are allergic or sensitive to insect bites you should see your physician. After a careful examination he might administer desensitizing shots to prevent severe reactions to such stings.

Gardeners Checklist

Wasps, honets, bumblebees, ants, mosquitoes, chiggers, scorpions, honey bees, centipedes, spiders, ticks, caterpillars, flies, fleas, and bedbugs are just a few of nature's creeping, crawling, and biting creatures whose sting or bite can be painful and sometimes deadly.

Bees, wasps and chiggers are usually the worst annoyances of farmers, fishermen, hunters, and picnickers—but in certain areas scorpions, tarantulas, and poisonous spiders are also a problem.

If a honey bee stings you, remember that time is a big factor in minimizing the pain. Once a bee stings, the barbed stinger and venom-filled sac stay attached to the skin. It takes a bee two or three minutes to inject the whole amount of venom through its stinger, and even though you have brushed aside the bee, the sac continues to pump the venom. Examine the site of the sting and with a knife or your fingernail, scrap the stinger off immediately. DON'T try to grasp the stinger with your fingers as you are likely to squeeze more venom into your skin. For first aid, apply a strong Epsom salts solution to draw out whatever poison is under the skin. The area may also be coated with an analgesic cream which will reduce pain and relieve itching.

Hornets, yellow jackets, queen bees, wasps, and bumblebees do not leave their venom sacs when they sting and, consequently, may sting more than once. These stings bring redness, itching, and swelling. If you are stung many times, enough venom can be absorbed to make you quite ill. Under those circumstances you should see a physician.

Chiggers are ticks, some of which may spread Rocky Mountain spotted fever and tularemia, usually attach themselves to a person's ankles or legs. Remove them with forceps or tweezers if they can be seen. Sometimes the parasites will come out if a lit cigarette is brought near, but be careful not to burn yourself. To relieve intense itching, apply a weak solution of ammonia or baking soda, or use a salicylate ointment recommended by your physician.

As a rule, most spiders are harmless. However, the black widow spider, easily identified by an orange-red hourglass spot on her belly, can cause trouble. So can a tarantula and some centipedes. For first aid treat these bites like snake bites. With a razor blade or sharp knife, cut an X through the picture spot and suck out the poison. See a physician immediately.

Although there are only two of 40 or more species of scorpions in the West that are poisonous to humans, all of these creeping creatures can inflict a painful sting. Don't take chances. See a physician at once if you are bitten. Victims who are allergic or extremely sensitive to the venom, children under five years of age, persons who have a history of heart trouble, and those who have been stung repeatedly should be considered emergency cases and rushed to a hospital or physician.

To keep from getting stung or bitten by insects, follow this advice: bees and wasps usually sting when they are actually touched, or when their nest is threatened. If you see several bees disappear under leaves, don't tread there. If a bee flies around you, stand still. Do not run, and do not flail your arms. Repellents will ward off mosquitoes, chiggers, ants, and other insects looking for food—but have little or no value in keeping stinging insects away, because once aroused they will attack.

Memorial Dedication Honors Ethel McCorkindale, GSA

A Memorial Dedication honoring the late Miss Ethel McCorkindale for her 40 years of dedicated service to the Chaffey Area Girl Scouts was held Sunday, July 14, 3:00 p.m., it was announced by Mrs. Joseph Axline, President, Spanish Trails Girl Scout Council. An engraved bell was presented local Girl Scouts at the Council's Established Camp, Camp Conifer, near Running Springs, and sponsored by members of former Troop 20.

One of several troops that Miss McCorkindale led during her lifetime of volunteering in the organization, Mrs. Axline added. "Ethel McCorkindale's career in Scouting began over 40 years ago. She had the wonderful experience of camping at Camp Chaparral in Big Basin with Vaal Stark. She was a Girl Scout Leader for numerous troops before

and after Troop 20. Ontario Troop 20 had its beginning when the girls were in Miss McCorkindale's 5th grade class at Central School in Ontario in 1932. Troop 20 remained active for 8-10 years, or until the girls were grown and many had departed for college. Three former members of the troop later became Girl Scout Professional workers and all have pursued active community interests wherever they

are located."

SCOUTS BREAK Mrs. Frank Mann of Sacramento (Lila Acker), one member of the former Troop 20, wrote, "Scouting was a tremendous experience for us, and how I wish all girls could have had the meaningfulness of living that we were privileged to know under Miss McCorkindale's leadership. Along with all the good fun and fellowship, we learned camping skills,

developed understanding, and formed attitudes basic to good, responsible living."

Mrs. Betty Greska, Ontario, another former troop member added, "The desire to keep growing, to serve others, to respect all peoples can all be accredited to the influence of Miss McCorkindale -- also our love of singing and our deep appreciation of nature."

Miss McCorkindale served as a member of the Board of Directors of Chaffey Girl Scout Council prior to its merging with Spanish Trails Council. She was honored by Region XII for her 40

continuous years in Scouting. Miss Ethel McCorkindale taught Elementary School in Ontario for 35 years prior to her ultimate retirement. She was active in Girl Scouting until her death in 1964.

Kabobs

Call them kabobs or shishkebabs or whatever you wish. These cooked skewered chunks of meat accompanied by vegetables or fruits are perfect for a summer's day. Imagination and appetites are the only limiting factors in their creation.

For instance, wrap seasoned ground beef around pimento-stuffed olives and roll into balls. Alternate the meat balls on skewers with tomato wedges, tiny onions and green pepper pieces.

Grill 2 to 3 inches from the heat for 10 to 12 minutes, turning to cook evenly on all sides.

BREAKFAST SAUSAGE BUNS

- 1 1/2 pounds ground pork sausage
- 1 egg slightly beaten
- 1 cup soft bread crumbs
- 1 teaspoon dried parsley flakes
- 1/4 teaspoon nutmeg
- 8 Langendorf Hamburger Buns toasted
- 1 apple, cored and sliced
- 2 tablespoons butter or margarine

1. To sausage add egg and bread crumbs; blend in seasonings and combine thoroughly. Shape meat mixture into 8 patties.
2. Pan fry slowly (about 15 minutes) turning once, until patties are well done.
3. Saute unpared apple slices in butter until tender.
4. Serve sausage patties on toasted buns, topped with apple slices.

Makes 8 servings.

To Aid Victims Of Parkinsons

Long Beach VA Hospital medical researchers are inserting tiny electrodes into the brain to gain new insights into Parkinson's disease (shaking palsy). The microelectrodes, made of tungsten, are only 1/1000th of a millimeter thick, and are able to record the firing pattern nerve - impulse initiation) of a single nerve cell in the brain during surgery. Thus, the microelectrode technique is ideal for "homing in" on the disease process of Parkinsonism.

Dr. Robert W. Porter,

Chief of the Neurosurgical Section, and senior investigator of the team, reported results of this technique May 20th to the Third International Symposium on Parkinson's Disease in Edinburgh, Scotland.

Members of the research team, in addition to Dr. Porter, were Dr. Ernest Bors, Chief of the Spinal Cord Injury Service at the Long Beach VA Hospital and Dr. William Hyman, a Long Beach Neurosurgeon.

Mrs., Does Your Husband Fit Average Mould?

Are you normal? You are, in one sense, if you act and think like most people, and if your preferences are conventional.

For all those who've ever wondered how they compare with the majority, the Family Economics Bureau of Northwestern National Life Insurance Co. has prepared a wide range of preferences, and living habits and circumstances. The report equips a person to pick his position on a hypothetical "normalcy scale."

BACK ACHES

You're normal if your back aches, the report reveals. Eighty per cent of the population experiences low back pain at some time in their lives.

You're "average" if you're an adult and overweight. Approximately half the adults in America are overweight, according to the President's Council on Physical Fitness.

You're normal if you drink alcoholic beverages. Says the Licensed Beverage Industries, Inc.: 74.1 per cent of American adults drink. They drank an average of 3.7 gallons apiece in 1967.

You're average if you drown after accidentally falling out of a boat. Fifty per cent of the people can't save themselves if they fall out of a boat,

says the American National Red Cross.

The Northwestern National Life report makes it possible to give the following account of a day in the life of a mostly "abnormal" middle-aged man.

John Rahn, we shall call him, has spent the night snoring, along with 25 million other Americans, men and women. (As many men as women snore, says the American Medical Association.) His long-suffering wife awoke one night at 3 a.m., startled because she thought someone was mowing the lawn.

When the alarm clock speaks in its rasping voice, John rolls into a sitting position and reaches for his toupee on the night stand. Pasting his hair on is John's first waking act of each day. Now he is fit to face the world, along with millions of other bald-pated males who bought 1.5 million toupees in 1967—up from 375,000 in 1957.

Still seated on the bed, this baggy-eyed American male picks a contact lens from a solution in a cup on his night stand. About six million people like him have been fitted with contact lenses, the American Optometric Association reports. But, for every person who still wears contacts, two have given them up. Before his contacts, John wore

glasses, like 57 per cent of the people above age five.

PLATES, TOO

Our hero struggles to a standing position and stuffs his feet into his slippers, then shuffles off toward the bathroom. There he retrieves his teeth from a soaking solution, washes, shaves and deodorizes himself.

John never mentions his removable molars because he is a little embarrassed. Perhaps he would brighten a bit if he knew that 47.2 per cent of all American men wear dentures or bridges. More than half the women, 50.8 per cent, wear dentures or bridges.

But even if all the teeth in America were removable, public exposure still would be embarrassing. Consider the mortification of John or any excitable baseball fan leaping to his feet, screaming, at the crack of the bat and spitting his choppers into the box seats.

In his use of a deodorant, John is strictly normal. At this same time, all over America, men are pointing spray nozzles at their armpits. Seventy-five per cent of all men use deodorant, says one of the large manufacturers; and 89 per cent of all women use it, leaving one to wonder how to avoid 25 per cent of the men and 11 per cent of the women.

AND A GIRL

Back in the bedroom John is struggling into his girdle. Yes, he wears one, along with a fat 15 per cent of the men in America. Of course, 65 per cent of the women and girls wear girdles and spend \$481 million a year buying them, thus providing a firm "support" for the U.S. economy.

Suit, shirt, then shoes. John wears size 11 1/2-AAA, larger than normal. Normal size for men is 10D, a full size bigger than the average male shoe size 12 years ago, says The Scholl Manufacturing Co. The biggest feet walk the streets of Duluth, Minn., where the average size is 11 1/2D.

For breakfast John eats cold cereal with peach slices -- and buttermilk. Most people would rather drink cold gravy than buttermilk, an observation supported by the fact that sales of buttermilk amount to one per cent by dollar volume of the sales of all milk beverages.

STATUS SYMBOL CAR

Breakfast finished, John walks to his attached garage and gets into his status symbol, parked beside his wife's status symbol. About one-quarter of the families in America have two or more cars. The Automobile Manufacturers Association says there

were 14.7 million multi-car households in 1967, and only 59 million households altogether.

Opening the door to his office, John runs his thumb over the nameplate on the door. "John Rahn, Vice President," reads the inscription.

If Mr. Rahn, as he is called here, was told that there probably are a half million other vice presidents in the United States his ego would demand that he forget the figure, quickly. The half million estimate is based upon a 1955 Fortune magazine estimate of a quarter million vice presidents. In 1963 the U.S. Bureau of the Census counted, 5,980,000 managers, officials and proprietors.

AND HIS TROPHIES

On a mantel behind Mr. Rahn's desk a visitor is sure to see a row of polished plaques and trophies, tokens of recognition given Mr. Rahn for achievement in his profession -- and in his golfing and skeet-shooting. Poor Mr. Rahn. What he doesn't know is that his row of trophies is far from unique. "One person out of three in the United States between six and 65 receives some kind of a plaque, medal, trophy, pin or other recognition symbol every year," says a spokesman for one of the largest manufacturers of such symbols.

As the day passes, the tension of his job results in a pain in the brain for John and he gulps a couple aspirin. He can be sure

that the little, white cure-all tablet is being popped into a lot of other mouths in America at the same time, because Americans consume 21 tons of aspirin per day. About 18 million people get headaches regularly.

John Rahn, like most Americans, is somewhat unusual in a number of ways. Such people needn't feel like black sheep, though. There's room for all kinds of people in America—even those who drink buttermilk.

Discord Blamed For Child Abuse

SAN FRANCISCO — "Child-beating by parents is common, especially in the cities where there is more unrest and disruption of the family unit," says a pediatrician at the University of California San Francisco Medical Center.

Dr. Sidney J. Sussman claims that "child-beating is definitely a problem of the cities. It is a disease indicating serious disturbance within the family—financial problems, mental disease, or marital disorders."

In a survey of child-beating cases at San Francisco General Hospital in 1967, Dr. Sussman reports:

- 65% were under 3 years of age.
- 75% were Caucasian.
- 50% were in families where one or both parents had mental disorders.
- 75% were in families where one or both parents had criminal records.
- 66% of the abused children were later removed to foster homes.

Dr. Sussman said that child abuse is rare in families of Oriental, Greek, Jewish or Italian origin.

One Cooky, Three Great Dress-Ups

This chewy oatmeal cooky is a three-base hit with back-to-schoolers. Start with a basic batter, then take your choice of extras. Try dotting the cookies with chocolate candy pieces, with raisins and nuts, or dress them with almond extract and coconut. — Or divide the batter and bake a selection. It's a great 3-in-1 idea to clip and save for the long school year.

CANDY DOT OATMEAL DROPS

Makes 5 dozen

1/2 cup shortening, soft	1 teaspoon salt
1 cup sugar	1/2 cup milk
1 egg	1 cup rolled oats (quick or old fashioned, uncooked)
1 teaspoon vanilla	1 cup multicolored candy coated milk chocolate pieces
1-3/4 cups sifted all-purpose flour	
1 teaspoon soda	

Heat oven to moderate (350°F.). Beat shortening, sugar, egg and vanilla together until creamy. Sift together flour, soda and salt. Add to creamed mixture alternately with milk, beginning and ending with milk. Stir in oats and candy. Drop by teaspoonfuls onto ungreased cookie sheets. Bake in pre-heated oven (350°F.) 12 to 15 minutes.

Raisin-Nut Drops: Omit candy in above recipe. Sift 1 teaspoon cinnamon and 1/2 teaspoon cloves together with dry ingredients. Stir in 1/2 cup raisins and 1/2 cup chopped nuts with oats.

Coconut-Almond Drops: Omit candy in above recipe. Substitute 1/4 teaspoon almond extract for vanilla. Stir in 3/4 cup flaked or shredded coconut with oats.

Located in downtown Los Angeles, Orthopaedic provides treatment for handicapped children on free or ability-to-pay basis.

Household Employers Subject To Filing Quarterly Return

Do you have a household employee? If you do, you may be required to file Form 942, Employer's Quarterly Tax Return for Household Employees, F.S. Schmidt, District Director of Internal Revenue for Southern California, said today.

Social Security taxes are due when \$50 or more in cash wages is paid to any employee in a calendar quarter for services of a household nature. Mr. Schmidt said.

In general, this includes services performed by cooks, butlers, housekeepers, governesses, maids, cleaning women, valets, baby sitters, janitors, laundresses, furnace-men, caretakers, handymen, gardeners, groomers, and chauffeurs of automobiles for family use.

No taxes are due on amounts paid to persons who are not your employees, Mrs. Schmidt said. Carpenters, painters, plumbers, repairmen and others who do work for you

as independent contractors are not considered to be employees.

The employer tax and the employee tax are each 4.4 percent, or a total of 8.8 percent, of the total cash wages if \$50 or more was paid during a calendar quarter during 1967. If the employer prefers, it is permissible for him to pay the full 8.8 percent, Mr. Schmidt said.

The District Director pointed out the tax applies only to the first \$7,800 of taxable cash wages paid to an employee in a calendar year.

Form 942, returns together with payment of the tax covering the three months of April, May and June are due July 31.

CAR OWNERSHIP AND INCOME

Of those families in the United States owning two or more cars, points out the National Automobile Club, 62 per cent have an annual income of \$15,000 or more.

Senior Citizens Aid Colleagues

A new program of employing senior citizens to assist in meeting the needs of the elderly was announced today by the California Commission on Aging. In this program, thought to be the first of its kind in the United States, Community Representatives will assist in the formation of Senior Citizens Clubs, organization of community resources for the aging, and research projects to determine community needs in the areas of housing, employment, recreation, health, medical care, legal assistance and personal and property tax assistance. Our new program is designed to offer part-time employment to those who are active, healthy, imaginative and who know the community in which they live. We have designed a salary structure

that will allow those who receive Social Security benefits and other retirement income to supplement their income without jeopardizing their basic retirement benefits. Persons desiring more information on positions as Community Representatives are urged to write to the California Commission on Aging, 1108-14th Street, Sacramento, California, 95814.
